## What can parents do?

Make sure students are reading EVERY night. Go on AR Home Connect and check that your child is on track to meeting his/her AR goal. Set up Home Connect so that you receive an e-mail as soon as your child has taken a quiz. Talk to your child about what they are reading. Read books together. Set aside time every night to turn off the TV and read a book.

## AR Incentives

Our AR incentives are designed to be a challenge for students to go above and beyond what is already expected of them on the classroom level in AR. Students in 2nd Grade and up are expected to meet their goals, read in their Zone of Proximal Development (ZPD) and maintain an 85% or better comprehension average. Students in 1st Grade are expected to meet their goals, read in their Zone of Proximal Development (ZPD) and maintain an 80% or better comprehension average. What students do beyond that is definitely challenging and worthy of a reward.
